Lieutenant General Dennis Luyt, Chief of the Royal Netherlands Air Force, raises a glass to toast Jan Linzel, who celebrated his 103rd birthday at his home in Ireland last week. For this very special occasion Lieutenant General Luyt was accompanied by his wife, members of his staff and the President of the RNLAf Veterans' Association, who described being able to meet the last surviving member of the Dutch Air Force who tried to repel the Luftwaffe's attacks during the German invasion of the Netherlands in May 1940 as a great honour.

The Committee and all of the members of the 33 Squadron Association extend their very best wishes and congratulations to Jan and his family, and wish them all a very merry Christmas and a Happy New Year.
